Methods

<

# Query a list of all database names in the instance

## Authorization

To call this method, you must be assigned one or more IAM access roles that include the following action. You can check your access by going to [Users](#) > *User* > Access.

- `cloudantnosqldb:account-all-dbs:read`

## Auditing

CurlJavaNodePythonGo

```
get_all_dbs(self,
    *,
    descending: bool = None,
    end_key: str = None,
    limit: int = None,
    skip: int = None,
    start_key: str = None,
    **kwargs
) -> DetailedResponse
```
